

JAVIER INOCENTE AI Product Manager

Berlin / Remote • javier.inocente@proton.me • +49 176 8448 8002 • /in/javier-inocente • www.jminocente.com

AI Product Manager with an engineering background and 10+ years of experience in the tech industry, including 3 years in product roles focused on AI-driven products. Combine deep technical systems knowledge with product thinking to translate complex business requirements into scalable, user-oriented solutions. Experienced in leading interdisciplinary teams, building AI computer-vision products, and steering the full product lifecycle from idea to pilot deployment.

WORK EXPERIENCE

Data Scientist / ML Engineer

Remote | 02.2026 – 04.2026

Grid-Intelligence | Capstone project Le Wagon Data Science Bootcamp | grid.jminocente.com

- Developed a forecasting model for energy prices based on ENTSO-E, OpenMeteo, and Yahoo Finance APIs
- Built a custom Transformer model outperforming XGBoost in accuracy; final implementation used **XGBoost + SHAP** for interpretability
- Deployed on **Google Cloud Platform** with Streamlit and successfully presented live at Demo Day

Product Manager

Berlin | 01.2024 – 12.2025

iris GmbH | Top-3 worldwide in passenger counting and video analytics for public transport

- Owned product strategy and roadmap for AI-driven computer-vision products in public transport (Passenger Counting, MPA detection, Occupancy Detection, OD Tracking)
- Led an interdisciplinary task force to identify 4 AI-based product ideas; translated business cases into backlog items and prioritized features
- Steered **3 pilot projects** in public transport with **>95% accuracy** in Passenger Counting and **~90% occupancy detection** for MPA
- Led a publicly funded AI research project with a **>100,000 € sub-budget**, including consortium alignment, GDPR-compliant data collection, and milestone tracking
- Roadmap and product management of the IP Monitor line (hardware + firmware): **20% cost reduction** through re-design, alignment with mechanical engineering, PCB, cybersecurity, and certification
- Functional leadership of a 4-person Data Engineering team (Scrum/DevOps); stakeholder alignment with Operations, Legal, Sales, Procurement, and external partners (DE, IT, FR, USA, AUS, AE, QA)

Initiator & Product Lead

Remote | 04.2023 – 12.2023

Micro-Investing Startup | Self-funded

- Defined product vision, target audience, and value proposition for a FinTech payments app with cashback-driven investing in ETFs and sustainable assets
- Product discovery with ~15 user interviews, hypothesis validation, click-through tests on interactive prototypes, and MVP specification
- Led a distributed team (**3 developers + 1 working student**); successfully won AWS Cloud Credits at a pitch competition

Senior QA Engineer & Scrum Master

Berlin | 02.2018 – 11.2022

TIS (Tispayments) GmbH | Top-5 worldwide, cloud platform for corporate payments

- Defined and implemented a new test strategy for an API-driven microservice architecture in an AWS-based cloud environment
- Increased test automation to **90%** and integrated tests into the CI/CD release pipeline; shortened release cycles
- Scrum facilitator role; defined acceptance criteria, risk analysis, and QA KPIs aligned with company KPIs

Senior QA Automation Engineer

Berlin | 07.2015 – 01.2018

Regis24 GmbH | Provider of credit, identity, and address data for banks and corporates

- Built the first company-wide fully automated test strategy for an API-first SaaS platform
- Configured test environments, standardized release processes, and supported the migration from on-premise to AWS
- Integrated **5 new clients** with SLA tracking, performance monitoring, and sandbox provisioning

Senior Software Engineer

Berlin | 11.2012 – 06.2015

Zalando SE

- Developed test strategies and automated end-to-end tests for an AWS-based e-commerce microservice platform
- Contributed to production deployments within the platform architecture and co-founded an official SRE team

EDUCATION

Data Science & AI Bootcamp | **Le Wagon Berlin** (AZAV-certified)

Master of Business Administration | **Universität Leipzig, Germany**

Electronics Engineer | **Universidad Tecnológica Nacional (UTN), Córdoba, Argentina** (recognized in Germany, ANABIN A5)

LANGUAGES

- German: C1 (TestDaF; 10+ years of professional experience in German at TIS, Regis24 & Zalando; German citizenship)
- English: C1
- Spanish: Native

CERTIFICATIONS

- Le Wagon Data Science & AI Bootcamp (AZAV)
- PSPO I
- PSM I
- ITIL v3 Foundations
- ISTQB Advanced TTA
- ISTQB CTFI
- OCA Java SE 7

FURTHER TRAINING

- AI for Business Leaders (Udacity)
- Technical Product Management Compact (IT-Schulungen.com)
- AI for Trading (Udacity)
- AWS Fundamentals (Coursera)
- Security Testing OWASP ZAP (Coursera)
- IBM Data Science (Coursera)

SKILLS

Product Strategy	Java / Python	Computer Vision
Roadmap	API / Microservices	Machine Learning
Stakeholder Management	AWS / GCP	Agents
Spec-Driven Development	Cloud Architecture	RAG / LangChain
Requirements Engineering	CI/CD	MLOps
